
A BILL FOR AN ACT

RELATING TO HEALTH.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the intersection
2 between opioid and other substance abuse, mental health, and
3 homelessness is inarguable, and that the State's overall mental
4 health system of care needs to improve. Effective integration
5 of the behavioral health system is essential to ensuring that
6 individuals experiencing chronic substance abuse, mental health
7 conditions, homelessness, and other chronic conditions are
8 afforded a continuum of care that promotes community
9 stabilization and health while decreasing overutilization of
10 high-cost acute care services.

11 The legislature also finds that coordinated entry systems
12 have been successful in several counties and states on the
13 mainland in ensuring that access to behavioral health and
14 substance abuse services are more readily available and more
15 effectively coordinated. Therefore, the legislature concludes
16 that coordinated entry systems and coordinated policy frameworks
17 for evaluation and implementation of behavioral health and

1 integrated health systems are necessary to effectively decrease
2 and address the negative impacts of substance abuse, mental
3 health conditions, and homelessness.

4 The purpose of this Act is to establish a working group to
5 evaluate current system gaps and determine steps that may be
6 taken by the State to promote effective integration of

9 and homelessness.

10 SECTION 2. (a) There is established within the department

12 compensation, but shall be reimbursed for reasonable expenses

19 (f) The working group shall submit a report of its

4 SECTION 3. There is appropriated out of the general
5 revenues of the State of Hawaii the sum of \$ or so
6 much thereof as may be necessary for fiscal year 2019-2020 and
7 the same sum or so much thereof as may be necessary for fiscal
